## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 6-10 and 17-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 6, line 2 recites a first transistor coupled to the organic light-emitting diode structures. It is unclear if one transistor (first transistor) coupled to the structures or a first transistor coupled to each structure.

The deficiency is found in claim 17 which requires the same correction.

Claims 7-10 and 18 are rejected to because of their dependencies.

### ***Allowable Subject Matter***

3. Claims 1-5 and 11-16 are presently allowed.
4. Claims 6-10 and 17-18 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

5. The following is a statement of reasons for the indication of allowable subject matter:

The cited art of record fails to teach an organic light-emitting diode structure comprising first and second anodes, first and second organic layers disposed between the first and the second anodes, and a first electrode disposed between the first and second organic layers.
